

THE REPUBLIC OF UGANDA

The Ministry of Foreign Affairs of the Republic of Uganda has noted the debate on social media in respect to the relationship between Uganda and our brotherly neighbour, the Republic of Kenya.

The Ministry wishes to emphasize that the Government and the people of the Republic of Uganda treasure the existing strong bilateral relations between the people and the Government of the Republic of Kenya based on our shared history, common values, mutual respect, trust and the desire to build a unified East African Community. To this end, the Government of the Republic of Uganda wishes to reiterate its commitment to good neighbourliness, peaceful co-existence and cooperation.

The Ministry of Foreign Affairs wishes to clarify that the Government of the Republic of Uganda does not conduct its Foreign Policy and other official business through social media nor does it depend on social media sources in dealing with other sovereign Governments.

The Government of the Republic of Uganda, therefore, wishes to reiterate its cordial relationship with the Republic of Kenya and assure the people and the Government of the Republic of Kenya of our harmonious relationship that we value.
